Portfolio: jonathankhobson.github.io/portfolio/design

Summary

UX designer and researcher focused on complex product workflows and human–AI interaction. Translate research and usability findings into clear flows, Figma prototypes, and implementation guidance. Bring a background in technical communication and learning design to decisions about what people need to understand, choose, and do next.

Skills

Interaction design · User flows · Information architecture · Figma prototyping · Interface systems · Usability testing · Heuristic evaluation · Accessibility reviews · Conversation design · Engineering handoff

Experience

FactorLab

UX Designer & Researcher (Contract) | Oct 2025–Present

- Design web and mobile interactions for SmartTagIt, translating usability findings into Figma prototypes, consistent interface patterns, and engineering guidance.
- Defined Flint conversation entry, loading, and recovery states, including distinct actions for connection loss and interrupted answers so the next step is explicit.
- Developed About Me screen concepts and reusable insight widgets, organizing summaries, supporting evidence, and suggested actions into a clearer reading order.
- Document design rationale and compare workflow alternatives with developers, revising recommendations as technical constraints and product behavior become clear.

Oak AI

Lead UX Researcher | 2023–2025

- Connected heuristic evaluation and user research with onboarding and navigation design, turning findings into wireframes, prototypes, and prioritized recommendations.
- Refined menu structure, signup cues, contrast, and error feedback through successive design iterations; collaborated with engineering on implementation and user testing.
- Created reusable research materials and organized findings in Dovetail to support shared product decisions and follow-up studies.

Jonathan Kyle Hobson

UX Design | Experience continued

KeepMake

UX Research Consultant | Jun 2023–Present

- Evaluate product flows through heuristic reviews, prototypes, and usability work; help stakeholders turn findings into a manageable design scope.
- Advised on an activation study for a volunteer team, distinguishing usability questions from adoption goals and proposing focused onboarding and signals of repeat use.

Arizona State University — Learning Innovations

AI Analyst | Feb 2024–Oct 2024

- Designed and evaluated voice and chat flows, translating learner and staff needs into conversational prototypes and findings for project leaders.
- Proposed an ASU for Life prompt workflow that moved from learner context to personalized tasks, with mentor review to check accuracy and refine the advice.

Arizona State University — Knowledge Enterprise

Instructional Designer | Apr 2022–Oct 2024

- Developed digital learning materials and workshops, incorporating accessibility improvements and AI-supported content workflows for diverse learners.

Oppia Foundation

Volunteer | Sep 2025–Present

- Currently serve as UX Research Lead. Review lesson-player interactions with designers and engineers, including exit-dialog hierarchy and questions about saved progress and recovery.

Selected teaching

Coursera Guided Project Instructor | 2024

Created ChatGPT 4o for Beginners: Create Social Media Content, teaching prompt specificity, output comparison, and iterative refinement.

Education

MS User Experience (UX Research) | Arizona State University | 2024

BS Technical Communication (UX) | Arizona State University | 2023

BS Electronic Media | Northern Arizona University | 2014
